MEMORANDUM FOR:

SUBJECT

: Scheduling Coordinating Responsibility for
IBM Systems 360 Computer [REDACTED]

25X1A

1. You are hereby designated as the schedule coordinator
for the IBM Systems 360 Computer located near your office in

[REDACTED]

2. As you know, the basic reason for the location of this
particular computer was to preserve the security compartmentation
requirements of the joint users -- [REDACTED] I
realize, however, that these two projects may not consistently
utilize this system to the maximum capacity and, therefore, there
will probably be instances when use of this computer by other CIA
elements would not only be feasible but desirable. Rather than
allow a judgment as to priorities of use to be made in an ad hoc
fashion, however, I am directing you to assume this responsibility
in addition to your other duties. All non-OSP requests for time
on this system should receive prior Headquarters approval.
